## **Government and Municipal Bonds**

Whenever and wherever you find men who are considered well-to-do, you will likewise find that their fortunes are built chiefly upon investments in Government and Municipal Bonds.

The reasons for this are due to the fact that Government and Municipal Bonds represent assets as nearly liquid as it is possible to invest money—meaning that they are convertible into cash more readily than any other form of security.

Government and Municipal Bonds have behind them all the taxable property and resources of the federal and municipal government issuing them, and they draw much higher rates of interest than is paid by any sound bank in the country.

## The Milk and Rest Cure

**H**ERE is an ideal sanitarium devoted to doing one thing well. All organs or worn-out nerves need one thing above all else—BLOOD. They need new blood, more blood and rapidly circulating blood to renovate systems clogged with debris.

The Milk Cure with a patient at rest is a rapid blood making process. The elimination of toxic elements is greatly stimulated, the blood is literally washed clean and the process of repair is exceedingly active.

The diet is given in such a way that it provides the elements necessary to enrich and vitalize the blood. Then it is, diseased organs are given the opportunity for recovery and every tissue throughout the body is spurred into increased activity. Chronic diseases of stomach, bowels, liver, heart, kidneys, pelvic organs, blood vessels and nervous system are among those indicated for The Milk and Rest Cure. Underweight patients gain flesh rapidly.

It is specific in the conditions producing high blood pressure, nervous exhaustion, constipation, auto-intoxication and the diseases of the digestive tract.

# The Portland News

**N**O OTHER daily newspaper in Oregon has had the growth, both in circulation and advertising receipts than THE PORTLAND NEWS has enjoyed.

Probably the reason for this growth is that THE NEWS has dared to tell the whole truth every week-day for a dozen years.

THE NEWS acknowledges allegiance to no clique, faction, party, creed or interest.

No monetary, political or other consideration can influence or sway THE NEWS. We don't give a whoop for anybody but—THE READER.

THE NEWS is a member of the great Scripps League of Newspapers—the richest, largest, most powerful newspaper organization in the world. By reason of its world-wide connections, it has news-gathering facilities which no newspaper not a member of this league can possibly possess.

THE NEWS costs 30 cents a month, delivered anywhere, or one cent on the street.

**W. C. TUNKS, Business Manager**

## NEWSPAPER AND PUBLICATION DEPARTMENT

# Why the Portland Telegram Leads—

You are vitally interested in facts first and opinions second. The Telegram ever strives to give you the facts—accurately, fairly. Its editorials are dedicated to progress, right and vigorous Americanism.

## THE ASSOCIATED PRESS

The A. P. is internationally recognized as the greatest, most reliable and dependable news-gathering organization in the world. The Telegram is the only afternoon daily in Portland that has A. P. service.

## SPECIAL WRITERS EVERYWHERE

Through arrangements with the New York Times, Chicago Tribune and London Chronicle, The Telegram has the exclusive services of scores of special writers in all parts of the globe.

## FULL PAGE OF COMICS EVERY DAY

Mutt and Jeff, inimitably funny and unique, play their antics daily in The Telegram, also Andy and Min Gump, Joe's Car, Little Mary Mixup—a page a day to keep dull care away.

## FOR WOMEN AND MISSES

The Telegram publishes a daily Home Feature page, containing social and club happenings, the fashions, daily recipes, your horoscope and stories and news of the feminine world.

## AS FOR THE YOUNGSTERS

There are bedtime stories, plenty of pictures, puzzles and a host of other interesting things.

## THE MEN FIND INTERESTING

The splendidly edited page of sports; a market and financial page; complete and authoritative articles on business; accurate political news, local, state and national.

## YOUR HOME PAPER

Your home paper should be clean, trustworthy and fair. It should stand for right and fight for the common weal. These principles guide The Telegram.

Our first consideration is to give to each and every patient that absolute satisfaction which only thorough learning and modern instruments can guarantee. Having these, we are able to place before your eyes the lenses which will correct your defects of vision.

In dealing with you, our desire is not primarily to make a sale. We wish to make of you a friend and a customer.

Your personal appearance is a matter of importance. We will assist you in making your glasses an ornament, not a disfigurement.

No matter where your glasses were made, we will promptly duplicate your broken lens.

Our moderate charges are sure to meet your approval.

model is splendidly  
finished in Mahogany,  
Golden Oak, and  
Fumed Oak, and is  
equipped with the  
Tel-o-Tone Super-

Music" Tone Cham-  
ber is invariably a  
part of the Encore  
equipment.

The Tel-o-Tone Tone  
Arm and Diaphragm  
of Improved Selective  
Type reproduces per-  
fectly, without extra

makes of Lateral and  
Vertical Cut Records,  
using ordinary steel  
needles. The interior  
of this model con-  
tains Special Record

## Cremona Phonographs

The CREMONA sound chamber has revolutionized phonograph construction. Instead of thin, twangy tones, a mellow, human quality of tone has been made possible by this wonderful achievement

The CREMONA not only plays all records, but plays them all better

BLINDFOLDED you will choose the CREMONA for its tone; with your eyes open you will choose it for its beauty

W. M. JACKSON, General Manager

**COLUMBIA HARBOR DEVELOPMENTS, WATER FRONTAGE, FAC-  
TORY SITES, BUSINESS PROPERTY, ACREAGE, ASTORIA-  
WARRENTON, THE GREAT NEW SEAPORT CITY**

ASTORIA-WARRENTON are virtually ONE CITY—divided only by  
Young's Bay. WARRENTON, at the mouth of the Columbia River, is  
that favored part of the dual City where river, rail and ocean meet—  
where the big industries and great terminals are being located. Only  
deep fresh water harbor on the Pacific Coast; best, cheapest and most  
available terminal point in the Pacific Northwest.

NOTE: Our tracts are all central—the best inside property just back  
of the great industrial district, the manufacturing water front—the Hill  
Docks—and between terminal yards to be used by the Hill and Union  
Pacific systems, from which all traffic must pass directly to our location,  
at just the right Distance and Direction from Railway Stations and  
Steamship Terminals to command the highest values. We furnish a  
complete abstract of title to ALL our properties.
